

Mt Munro Wind Farm – Old Coach Rd Enabling Works

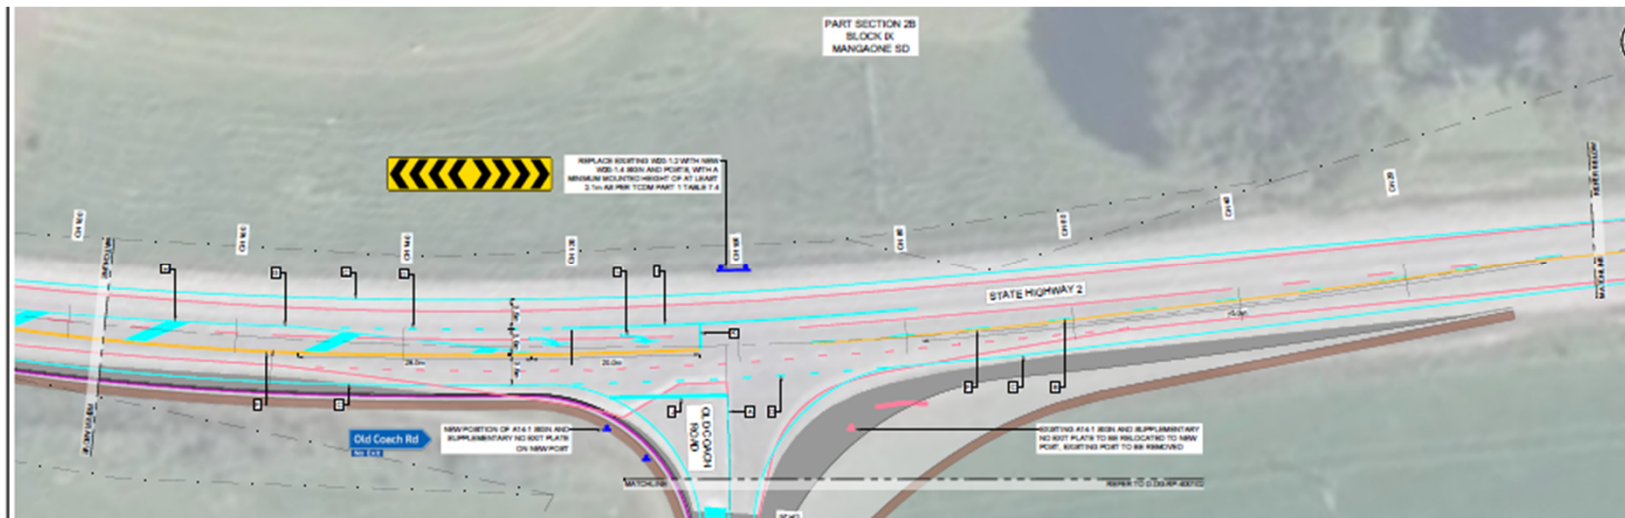

Meridian
Stakeholder
Meeting
19th Aug 2026

**Building
Stronger**
Together

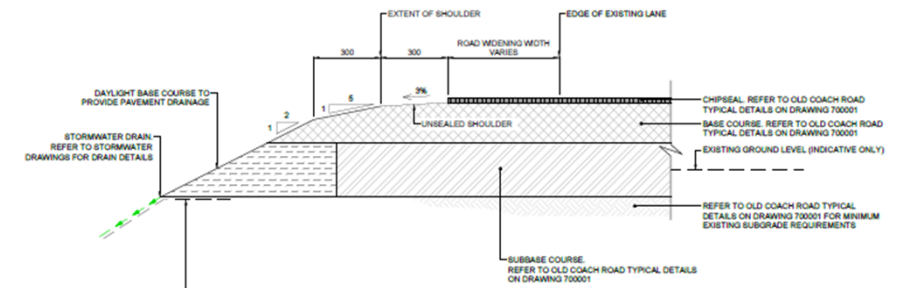

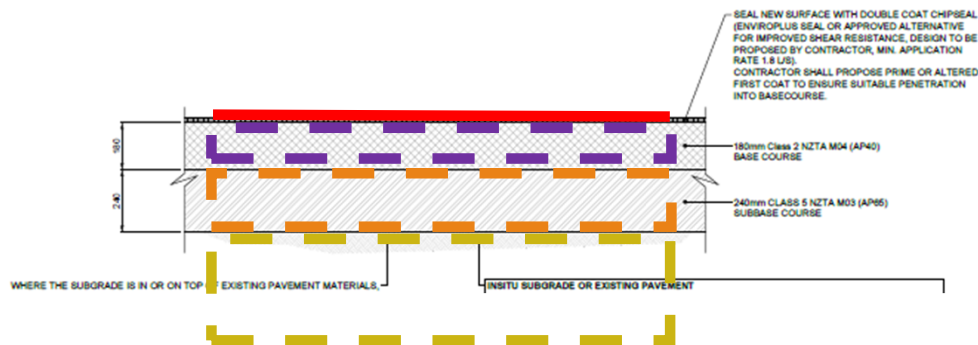

Scope of Works

- SH2 and Old Coach Road Intersection:
 - Widening on eastern side of SH2 at the intersection to install channelised right turn treatment.
 - Works include pavement, stormwater conveyance drain, culvert extension, chip sealing, Resealing of the SH2 intersection, new Road-marking layout and traffic control devices.

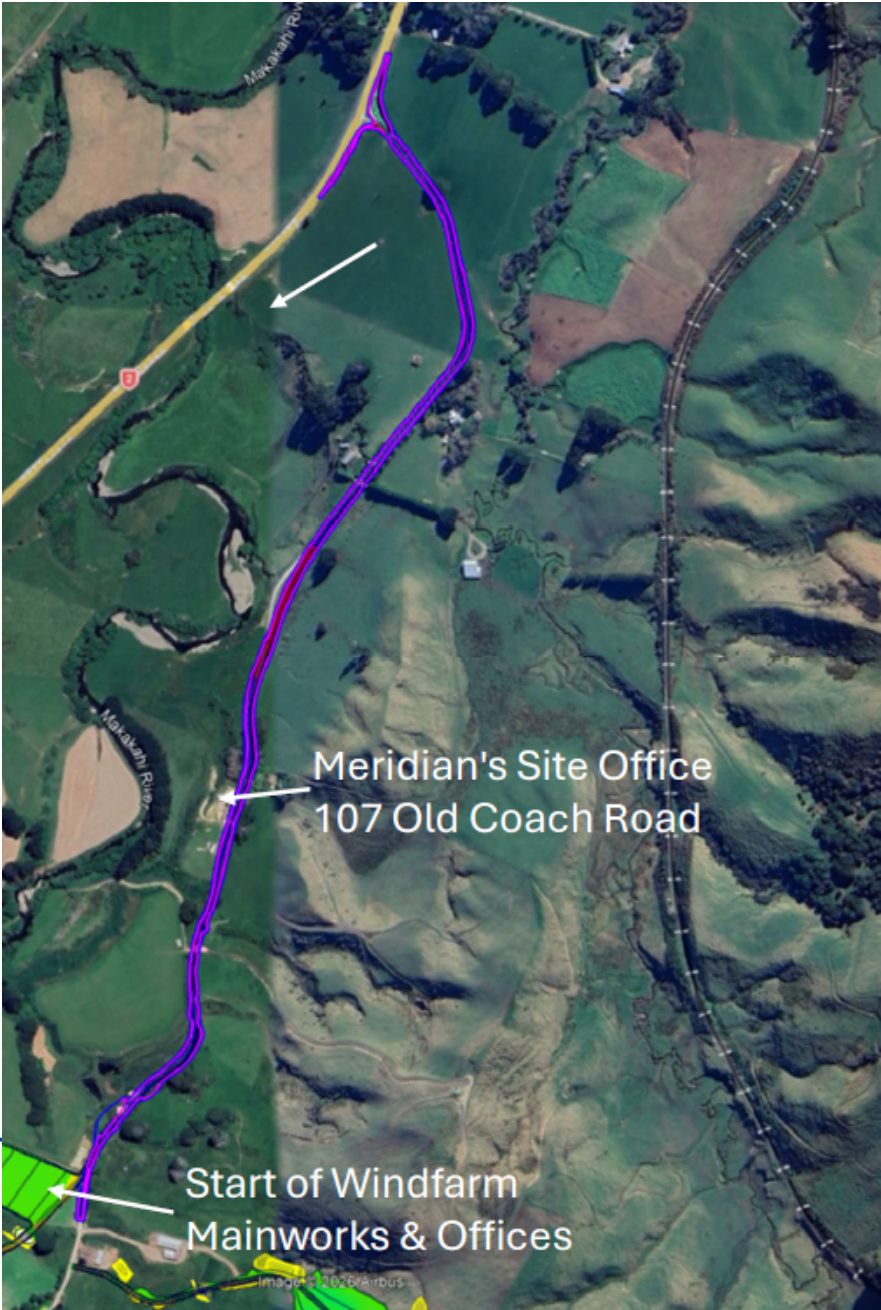

Scope of Works

- Old Coach Road Corridor:
 - Widening and sealing of the majority of carriageway between SH2 and the site access (Ch.0 m to Ch 1700m).
 - The works comprise vegetation clearance, earthworks, fence realignment, pavement construction, stormwater drainage channel and culverts, chip sealing, Road marking, general civil works and traffic control devices.

Construction Sequencing

Meridian Energy - CBOP Construction Programme for Mt Munro Windfarm 20 Turbines 136DD
Main Physical Works (OCR Enabled only)
Old Coach Road Upgrade (enabling)
Establish small site office @ 107 OCR Meridian land
Establish disposal site and stockpile site
Vegetation clearance - tree removal
Phase 01 0-80 NZTA SH2 intersection upgrade
Phase 02 80 - 560
Phase 03 560-1095
Phase 04 1095 - 1680
